

# Attention CSEA Members

The Humanitarian Fund Committee, Member Benefits, your Field Office, and your CSEA family send our deepest concern to members and families being affected by recent natural disasters devastating California.

CSEA offers emergency assistance by providing financial support to help members get by while living through a natural disaster. Members who experience complete loss of their primary place of residence or who are under mandatory evacuation from their primary place of residence are eligible to apply for assistance within 90 days of the emergency.

***Please note: The Emergency Assistance Program is not meant to reimburse members for all losses experienced but is meant to be an assistance program to help provide slight relief during a devastating time.***
