

Celebrating 35 years of service, Kaiser Permanente Educational Theatre has inspired and empowered millions of students and adults in communities across the United States to make healthy choices. Educational Theatre offers a wide range of award-winning theatrical productions and interactive workshops to schools throughout the Kaiser Permanente footprint.

Using the power of theatre and storytelling, our programs directly connect with students and adults through relatable characters and real-life situations. Audiences see themselves represented onstage in our culturally and ethnically diverse casts allowing them to connect with the narrative and educational messages in a meaningful way. Our team builds on this connection, inspiring students and adults alike to make healthy choices and build stronger communities.

Thriving Schools is Kaiser Permanente's commitment to partnering with schools and districts across the country to ensure that students and their families, along with teachers and staff, have what they need to thrive – in learning and in health.

Thriving Schools wellness resources were developed in partnership with Alliance for a Healthier Generation and Discovery Education to help school employees integrate social and emotional well-being into all aspects of school life.

All resources, including school self-assessments, virtual support, toolkits, e-learning modules, and on-demand webinars can be accessed by creating a no-cost account in Alliance for a Healthier Generation's Action Center.
